

Monday noon

Dear Vicki and Jim,

I have had the flu for the last three or four days - but am about over it now and I went to my Swedish class to - night. I am so thankful this didn't happen at Thanksgiving.

Uncle Cully called today to tell me he and Lillian are getting married the 19th. They are going to Lohite right after for the holidays.

Today I mailed one of those angels, or Madonnas to you. It might be all smashed - but I tried to pack it real good. Then on the 10th the store is mailing a Christmas present to you and I will be anxious to know if it arrives and in perfect condition as the store is responsible. Don't open that one until Christmas.

Mary and Mike are at the ocean and expect to be back here Wednesday. Mike was elected Democratic Man of the year in his home town County and

received a big trophy.

I am glad you enjoyed the wedding and had a good time in California. Little Charlie loves the sweaters of yours Jim and I also gave him a ski parka that has been in your closet the last few years. I will get the white sweater sent to you right away. I will get the yarn tomorrow and make it a little longer.

This Saturday night our Swedish teacher is having a Christmas Party at his apt. We can bring our husbands so dad is looking forward to it so he can talk Swedish.

Dad was on the Evergreen bridge during the peak of the storm. He said the waves were like the ocean that come over and the bridge was really swinging. I'm glad I wasn't on it then and it was O.K. tonight when I went to school.

Thanks for the letter and more later.

Love,
Mona.
